ABOUT US

ONKRON over the years has become a true expert in promotion of high quality products for TVs, computer monitors and digital panels. We chose a unique strategy for our brand – Mass Premium, a combination of unsurpassed quality and adequate price.

When we create ONKRON products we rely on many years of experience. Our experts know every aspect of design, production and pricing. We know how to make our customers come back to us again and again!

We produce and supply our products to North America, European countries, Great Britain, Russian Federation, countries of Eurasian Customs Union, China and Africa. Thus, we not only confirm our presence in the international market, but also produce products that meet the highest standards of international quality.

Our team knows that if we want to create a strong collaboration we need to offer our partners confidence in tomorrow. That is why we offer high quality service and profitable, flexible partner terms. We want to make our partnership not only mutually beneficial, but also comfortable, so we stay loyal to the main concept of ONKRON – «designed to support».

M5 White

Tilt-swivel TV wall mounts

CABLE MANAGEMENT SYSTEM

Built-in cable channel allows you to fix and hide all cables of your TV for easy use and aesthetic look. Decorative plastic panels perfectly hide all mounting holes.

SWIVELING AND EXTENSION

Durable axis links of the mount provide swiveling and extension from the wall.

ULTRA SLIM DESIGN

Though our TV mounts have great adjustment possibilities, the construction is very slim when you fold it.

QUICK AND EASY TILTING

Because of the solid construction and tilting mechanism you can tilt the screen without any tools.

FINE ADJUSTMENT OF THE SCREEN

You can adjust the TV by moving it both sides horizontally.

We offer a range of various tilt-swivel TV wall mounts for any TV with diagonal 17" – 70" and weighting up to 150 lbs (68.2 kg)

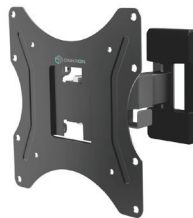

M4 Black

Wall Mounts for medium-sized TVs

Tilting-Swiveling Mounts for medium-sized TVs are perfect for screens up to 60 inches.

All brackets are equipped with a wide range of mounts for TV and wall installation.

M4S Black

Fixed TV wall mounts with tilting function

ADJUSTABLE TV ANGLE

Thanks to tilting mechanism you can install a TV mount on any height and set desirable angle of the TV for comfortable viewing experience.

HORIZONTAL MOVEMENT

Moving mounting rails are used to choose how the TV is mounted, also giving you an additional way to adjust your TV after it was mounted in horizontal position by moving it left and right.

ULTRA SLIM DESIGN

Because of the thoughtful design, when the TV mount is folded it has minimum distance from the wall, making it ultra slim.

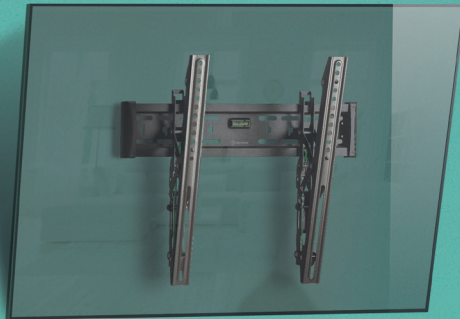

BUILT-IN LEVEL

Bubble level provides accurate, quick and easy mounting on the wall, without any additional tools.

“JUST CLICK” system

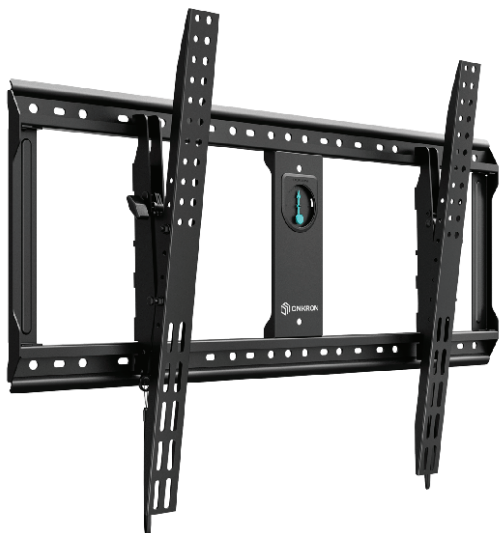

This system helps you to hang your TV easily. Install mounting plate on the wall and rails on the TV. After that, hang the TV onto mounting plate and just push the screen to the wall, until you hear a clicking sound. It indicates that your TV is securely fixed on the wall. When you want to take the TV off, just pull green tabs down.

Our catalogue has a great variety of fixed tilting TV mounts for any TV with diagonal 17" – 100" and weighting up to 200 lbs (90 kg)

Monitor and TV mounts with gas lift sytem

MOVING UP & DOWN

Smooth adjustment allows you to move the screen vertically with a secure fixation at any height. It is possible because of the built-in strong and reliable gas strut.

TILTING

It helps you find an optimal viewing angle on every screen installed. Adjustment requires no tools.

360° ROTATION

You can switch between landscape and portrait modes on any monitor with diagonal up to 32".

BUILT-IN CABLE MANAGEMENT

It allows you to fix and hide all cables of your monitor for easy use and aesthetic look.

RIGHT OUT OF THE BOX YOU HAVE TWO WAYS OF INSTALLATION:

- C-clamp installation on the edge of the desk, simple and reliable
- Grommet installation through a hole in the desk

Single and dual monitor desk mounts for 13" – 36"
screens weighting 2.2 – 19.9 lbs (1 – 9 kg)

Ceiling TV mounts

ADJUSTABLE HEIGHT OF THE TV

The clever design of the mount allows you to choose the distance from the ceiling in the range from 28,3" (71.7 cm) to 123" (310.4 cm) with 2" (5 cm) increments.

THE POSSIBILITY OF MOUNTING ON THE WALL

The possibility of mounting on a vertical or inclined surface makes this bracket truly universal.

WIDE RANGE OF ADJUSTMENT

You can rotate the TV to an angle of up to 60° and tilt it to 15°, which allows you to choose the optimal viewing angle after installation.

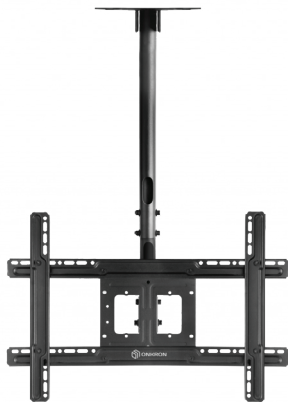

CABLE MANAGEMENT SYSTEM

Cable channel integrated into the columns allows you to hide all the wires for convenience and aesthetic appearance.

Our range includes ceiling telescopic mounts with an extension from the ceiling from 28,3" (71.7 cm) to 123" (310.4 cm) with 2" (5 cm) increments
